

# FirstBank

—Since 1901—

To ensure our internet banking environments are as secure as possible and as the industry standards to protect you are constantly evolving, our priority is to provide the safest possible experience for you.

Starting **September 27, 2021** your password requirements for Internet/Mobile Banking will need to be updated.

## The New Password Policy

following requirements:

- The minimum length of the password must be at least **9** characters and not more than **17** characters.
- The password should be a combination of characters that includes upper case, lower case, numbers, and symbols.
- The password should not include keywords, predictable terms, and number series (For example, Password, Default, or 12345).

If you have any questions or need help, please call one of our 9 locations and we will be happy to help you.
